40-Series Training Program

Thank you for your interest in the Riello 40 Series burner training program. This program provides in-depth technical training on 40 series gas and oil burners.

The course is broken down into a practical portion and theory portion. The technician(s) will gain a basic theoretical understanding and become familiar on how to service and startup 40 series burners during live firing in a state of the art Riello combustion laboratory.

WHO SHOULD ATTEND?

This course is a great tool for **residential burner and commercial technicians**. This course gives technicians the tools to be able to service and start-up 40 series burners with confidence. We will also certify them to service the burners if the trainee completes and passes the course. **Sales Engineers** would benefit by understanding the technical features/function/benefits of the Riello 40 series burners to be able to sell these features that are standard on Riello, and options on our competitors.

COST:

<i>Training Courses</i>	<i>Pricing With Hotel</i>	<i>Pricing Without Hotel</i>
40-Series Training (1 Day)	\$250	\$100

NOTE: Once the course has been confirmed, payment can be made by cheque or wire transfer – details will be provided at a later date. Early payment will secure your spot. We no longer accept credit cards.

WHAT IS INCLUDED:

- Training materials
- Lunch
- Hotel stay (if required)

- Complimentary shuttle to/from the office is available; details will be sent out regarding times once course had been confirmed.
- Transportation to/from the Airport - **Please note this is at your own expense, not Riello's.**
- You should fly in and out of Toronto Pearson International Airport (YYZ). Please do not book your airfare until Riello has confirmed you are in the course; Riello is not responsible for any airfare cost.

NOTE: You will need to be at the Airport approximately 2-3 hours prior to your return flight. Riello is not responsible for the taxi fare to/from the Airport.

WHAT YOU SHOULD BRING / NEED TO KNOW:

- Safety shoes and work clothes – must be long pants; **NO open toe shoes, shorts or chewing tobacco.** Please note you will NOT be allowed in the Lab to work on burners without bring safety shoes/work clothes.
- For US trainees, you will need a passport to get through both US and Canadian Customs.
- A credit card for the hotel incidental expense, movies, snacks, etc. **Riello does not cover incidentals.**

PLEASE NOTE: Riello is a smoke free facility (inside and outside.) There is no smoking allowed on Riello property.

**** Finalized details will be sent out once course has been confirmed. The course will be confirmed (and/or cancelled – depending on attendance) approximately 6 weeks before the scheduled training dates. Please DO NOT make any travel arrangements until Riello confirms the course is taking place. Riello is not responsible for any airfare cost****

CURRICULUM FOR 40-SERIES TRAINING:

Day 1: (40 Series Gas and Oil):

Theory:

- Viewing of burner, and component breakdown
- Introduction 40 series burners
- 525, and 530 Flame safeguard controller
- Burner wiring
- Combustion theory, safety, and gas principles (natural, NO.2 oil)
- Burner commissioning guides
- Overview of 40 series gas and oil burner manual

Practical:

- Burner commissioning of 40 series gas and oil burner
