Re: SCAQMD approval; RIELLO Array Boiler

This letter is in reference to the Extension of the Riello Canada Inc. approval for the Steel Pro 150 to the following models:

Manufacturer	Model	Number of Combustion System	Maximum Input (BTU/hr)
Fontecal S.p.A	AR 1000	2	1,000,000
Fontecal S.p.A	AR 1500	3	1,500,000
Fontecal S.p.A	AR 2000	4	2,000,000

The new models are based on the 'Steel Pro 150' and are a multiple parallel arrangement within the same boiler jacket to create the 'Array' family of products. The heat exchanger, premix combustion fan, burner head, and hydraulic connections are identical to those in the AHRI certified single combustion system boiler.

Brand	Riello
Model Equivalent	Steel Pro 150

If you have any questions please contact me directly.

Kind regards,

Blaine Serio
